VISIONS GREATER ANTIOCH IN ADDRESS TO BUSINESS MEN

Rev. A. M. Krahl Gives
Impressions on "Building
the Hub" at Dinner.

Visions of a greater, better Antioch were told to a group of over forty business men assembled at Worsley's cafe at the A. B. C. club dinner Monday night, by Rev. A. M. Krahl who spoke on the subject, "Building the Hub."

"You can't stop Antioch; do what you may, its growth will not be retarded," said the speaker. "Located in a favored region, and the very hub of a fast growing section, its growth is certain. The thing to do is to direct intelligently the progress that is bound to come." In this connection Rev. Krahl recommended the formation of a city planning commission. Advertising is needed; new homes should be built; property should be beautified; sidewalks repaired and new ones built; community house and community beach, a hospital and the numbering of houses were among the needs of the town as enumerated by the speaker.

Better See Smith About It

Rev. Krahl condemned the operation of slot machines in the village. Ordinances prohibit the use of slot machines here, it is true, but the News suggests that it would be well to consult Col. A. V. Smith, state's attorney, who is running for re-election on his record, about the slot machine business, not only here but throughout the entire county. Smith has neglected to state just what he means by "his record." Perhaps he is going to leave to the newspapers the pleasant task of enlightening the public.

Conference Champions Honored

Coach L. R. Watson and his champion basketball team were invited guests. Mr. Watson told how his team won the Northwest Conference tournament championship, and each of the ten men on the team received a hearty round of applause as he was introduced by the coach. The Antioch township high school has been a great factor in advertising the town throughout the state, and the business men and entire citizenry are very proud of the achievements of the school in winning many symbols of victory in athletic, oratorical and musical meets throughout the state.

New Members Are Introduced.

New members introduced at the dinner were: Walter R. Borman, vice president and general manager of the Corona Pen Co., W. J. Baker, superintendent of the Corona factory; Robt. C. Worsley, successor to Somerville, John E. Moore, plant superintendent Antioch News; and William Norris, district sales manager for the Fuller Brush Co.

A recess of five months had elapsed since the last meeting of the club. Mr. Worsley and assistants served a very fine chicken dinner.

Movies Round Out Evening

At the conclusion of the session J. R. Smith extended an invitation to the business men to attend the showing of "The Main Event" at the Crystal theatre. The gang accepted Manager Smith's invitation and were rewarded by seeing a very fine picture.

The next meeting will be at the high school and the ladies are invited. Otto Klass is chairman of the committee on the feed and entertainment. Mr. Klass needs no recommendation as to his qualifications in this line of endeavor. He has been tried out and found not wanting.

POWER FARMING ENTERTAINMENT HERE FEB. 21st

Everybody Is Invited to Attend All-Day Meeting—
Free Lunch at Noon.

In order to afford farmers an opportunity to see for themselves the types of taking place in farm equipment, Mr. C. F. Richards, Antioch dealer for the International Harvester Company, is going to hold a power farming entertainment at the Antioch high school on Tuesday, February 21.

Educational and interesting talks on tractors and power farming equipment will be given, and a free lunch will be served at noon. Motion pictures will be shown in the evening. Trained men from the International company will be here to illustrate, demonstrate and talk on questions every up-to-the-minute farmer is vitally interested in. Everybody is invited.

Antioch Men Soon Ready for Business At Lake Villa Station

The "Mil-Grand" Super Service station, now being established at Lake Villa by Art Haley and Elmer Rentner, will soon be ready for business, the proprietors say. Some months ago the Antioch men obtained a five year lease on the property from Joe Pester and they have in course of erection a fine new brick veneer oil station on the property located at the corner of Milwaukee avenue and Grand avenue, hence the naming of the word, "Mil-Grand" as a name for the new business. V. H. Dupre is the contractor for the new building. Three gasoline pumps will be installed.

In addition to oil and gasoline sales, the new establishment will offer tire and battery service, greasing, welding, and the blacksmith shop on the premises is to be converted into a garage for general repair work.

AMERICAN LEGION BRINGS RARE TREAT TO ANTIOCH SCHOOLS

Dr. Cigrand Tells Story of
Flag in An Eloquent
Address.

The American Legion Post of Antioch on Friday afternoon, Feb. 10, brought before the Antioch school children, both high school and grades, Dr. H. J. Cigrand of Batavia, Illinois. Dr. Cigrand is the founder of Flag Day association, a member of the Library Board of Chicago, a member of the faculty of the University of Illinois, and a lecturer of great repute.

The children of both Antioch schools were assembled at the high school auditorium where their interest was held without a break for a full hour and a half by this noted lecturer. From the time that he was introduced by Commander Maplethorpe until he finished his vivid story of the flag, Dr. Cigrand kept every pupil of the group wide-eyed with patriotic spirit. He told the story of the evolution of the American flag and told in animated speech how the flags of this country had never been carried into battle except in self defense. Dr. Cigrand in a sense dramatized how Colonel Prescott and Captain Parker at Bunker Hill and Lexington had given to this country the precedents, "Wait until you see the whites of their eyes" and, "don't fire unless fired upon."

He displayed a great number of the colonial and early state and national flags. Dr. Cigrand has been able to glean this great collection of duplicates only through careful research, which he began at eight years of age with a flag scrap book. It is believed that he possesses flag antiques that the government would gladly own as a part of its historical record.

This wonderful opportunity afforded by the American Legion has brought lasting influence to the school children. The teachers have noticed an increased interest on the part of the pupils in the history of their country.

Death Pact Revealed in Suicide of Sailor and His Sweetheart

Unable to get a discharge from the United States navy and further unable to have countermanded an order that would transfer him from the Great Lakes Naval Training station to San Diego, Cal., thousands of miles away from the home of his 16 year old bride, Dewaine V. Rains, 19 years old, an apprentice seaman at Great Lakes Naval Training station and his bride committed suicide together near the girl's home in Ottumwa, Ia.

Ladies Aid To Serve Dinner Tuesday Eve

The Ladies Aid society of the Methodist church have announced a Washington's birthday dinner to be served at the church next Tuesday evening, from 5:30 until all are served. Everybody invited.

Guest Invitation

Mr. and Mrs. C. W. Petty, Antioch, Mr. and Mrs. David Pullen, Rt. 1, Mr. and Mrs. F. A. Yates, Rt. 2, Mr. and Mrs. John Wilcox, Rt. 3, are invited to witness Vera Reynolds in "A Woman Against the World" at the Crystal theatre, Tuesday evening, Feb. 21. This is your ticket.

ANTIOCH TOWNSHIP FARMERS' INSTITUTE IS POPULAR SUCCESS

Robert Hughes Wins Cow
Calling Contest—Many
Attend Institute.

Approximately 525 persons attended the Antioch Township Farmers' and Women's Institute last Thursday afternoon and evening at the Antioch Township High School.

Speakers Interest Audiences.

Mrs. F. I. Mann gave some very interesting sidelights on beautification of the home, demonstrating the making of the old fashioned hooked rugs. Her remarks on landscaping the home grounds were valuable.

Mr. C. C. Pevier, a world traveler, talked on the World Food Problem, telling about the important world foods and the difficulty that some people have in obtaining a livelihood in some sections. Mr. Crabtree discussed the Uncompleted Tasks that are continually before the public. He discussed the unequal taxation rates in Illinois, saying that the farmer pays 70% of the taxes with the least income coming to him. He illustrated, saying that a man he knew earning \$20,000.00 income did not pay any state tax, as he lived in a rented house. The wash woman who worked for him paid more taxes than he did because she owned a small home.

Robert Hughes Best Cow-Caller.

Much enthusiasm was shown at the first cow calling contest. Fourteen contestants were entered. Robert Hughes, a Freshman in the Agricultural course of the High School, won first honors and the right to represent Antioch at the National Contest. Alec Hughes and Jess Denman were second and third respectively.

Bakery Contest Winners.

Winners in the open classes were follows:

Layer Cakes—1st, Marguerite Kufalk; 2nd, Marguerite Kufalk; 3rd, Mary McCann; 4th, Mrs. C. Alvors; 5th, Mrs. Bonner.

Pies—1st, Mrs. H. J. Fetter; 2nd, Mrs. Wm. Petty; 3rd, Mrs. MacInn; 4th, Mrs. D. Leece; 5th, Mary McCann.

Winners in the girls division:

Layer Cakes—1st, Clara Christensen and Virginia Curtis; 2nd, Grace Nelson and Hazel Sheehan; 3rd, Esther Andersen and Marjorie McKinney; 4th, Pauline Shedeck, Marie Shedeck and Helen Burket; 5th, Evelyn and Alma Grulich.

Pies—1st, Helen Buchert; 2nd, Alma Grulich; 3rd, Helen Pedersen; 4th, Olive Messager; 5th, Elizabeth Anzinger.

Lindberg Returns To Air Mail Service For One Day, Feb. 20

World Famous Pilot Will Renew Old Acquaintances Along Maiden Route.

Col. Charles A. Lindbergh, who before his triumphant flight from New York to Paris was Chief Air Mail Pilot on C.A.M.-No. 2, between St. Louis and Chicago will renew old acquaintances over this route.

He has expressed a desire to again make the Air Mail trip covering the route on which he was compelled to jump twice with his parachute during the winter of 1926 on account of the heavy fog.

To commemorate his return to the Air Mail Service, for only a day, the Post Office Department is providing a special cachet to be used on both his North and South Bound Flight and he will carry the mail, on schedule time, February 20th, St. Louis, Springfield and Peoria to Chicago and returning February 21st, Chicago, Peoria and Springfield to St. Louis.

The Air Mail carried again by Col. Lindbergh and especially over his maiden route, which he served so loyally, and from which he winged his way to great fame should be an inspiration for a large volume of mail as a tribute to him.

Using his own expression, "My reward will be continued use of the Air Mail," you are cordially urged to help swell the amount of mail to be carried by him on these two flights, and with this special Postmark, these letters will have an unusual historical, as well as financial value.

W. A. Oppenheimer, of Green Bay, Wis., is in Antioch for a few days this week attending to business matters.

Mayor Frett Foils Attempted "Frame," Candidate Declares

Making Determined Fight
for Representative
Seat.

Mayor P. W. Frett of McHenry, legislative aspirant, was in Antioch yesterday. The McHenry mayor wore good clothes, a smile, and had the glad mit for the "sovereign" voters here.

"I am still in the race for the republican nomination for representative from the eighth district," said Frett, replying to an inquiry regarding the report that he had changed his mind and would run for state senator against Rodney Swift. It seems that some McHenry county political luminaries had decided to eliminate Frett from the representative derby by switching him over to the senatorship race. But the McHenry mayor refuses to be sacrificed in order to strengthen the chances of other McHenry aspirants, and denouncing the plan as a "frameup," Frett has gone out with renewed vigor after the representative job which he was originally campaigning for.

Mayor Frett is an apt pupil and the News predicts that he will learn more about McHenry county politics as the campaign progresses.

Regarding the Fox river dam project, which Mayor Frett radically opposed, the Mayor explained that the McHenry dam was now in a good state of repair and that the lakes would have all the water they needed just as soon as the ice cleared. "The day will come when the people of the lake region will thank me for having done them a service, and I can ride into Antioch without fear of being shot at," concluded the candidate after having gone into the subject at some length.

STATE FARM MEET DRAWS BIG CROWDS

Dairymen From All Illinois
Are Assembled at
Waukegan Today.

Dairymen from all over the state and particularly from the Chicago milk district are among those who are attending the annual state meeting of the Illinois Farmers' Institute at Waukegan this week. The big meet opened Wednesday and will continue until Friday night.

The convention program includes the best speakers available on dairy subjects and should prove the outstanding event of the year for Illinois dairymen.

Cooperative marketing from the milk producers' standpoint is the keynote of this dairy convention. The "Chicago Milk Situation" was discussed in detail by Dr. Arnold H. Kegel, Health Commissioner of the city of Chicago. Dr. Kegel is a well known health authority and expert on regulation enforcement, and his message to milk producers was of great interest and importance at this time. He spoke at the opening session of the convention.

The fish and game exhibits by the state department of conservation headed by Wm. J. Stratton, is attracting state wide attention, as it is said to be the largest and finest exhibit of the kind ever shown in Illinois.

Grade School Cagers Defeat Richmond

The Richmond Grade Basketball team visited Antioch last Tuesday where they were defeated by the Antioch boys. Krahl, Brogan, King, Strang and Murrie were the Antioch boys who started the game.

During the first quarter Antioch made several baskets. Snyder took Krahl's place during this quarter. The half ended with the score of 5-0 in Antioch's favor.

At the beginning of the next half Antioch's second team was put on the floor against Richmond's first. Antioch continued to make baskets until the end of the game. The game ended with the score of 16-0 in Antioch's favor.

CITY BRIEFS

Mrs. Wm. Rosing and daughter, Hilma, Mrs. Lester Nelson and Mrs. Herman Rosing were Waukegan visitors Tuesday.

Robert C. Abt was transacting business in Chicago Wednesday.

Mr. and Mrs. Lester Nelson were guests of Ringwood friends last Sunday.

COURT RENDERS ADVERSE RULING ON CONSERVANCY DISTRICT; TRUSTEES QUIT

Waukegan Fifth
In Building In
Chicago District

Waukegan stands fifth in building in cities in the Chicago district for the month of January, according to a survey made by S. W. Straus and company. The report also states that Waukegan shows a gain of 80 per cent in building over the same month last year.

PRIMARY LAW IS SUSTAINED

Court Ruling Brings Many
Office Aspirants Into
The Open.

Political atmosphere was cleared to a marked degree when the state supreme court declared constitutional the primary election law of 1927, including the legislative primary act. The court's decision came on the very eve of the first day for filing primary petitions and assured the primary election for April 10 and at the same time gave the state a legal election after four others had fallen by the legal wayside.

Four justices of the court signed the opinion. Chief Justice Oscar E. Heard, Freeport, and Justices Warren W. Duncan, Marion; Clyde E. Stone, Peoria; and Frederic R. DeYoung, Chicago, all Republicans, voted to sustain the law. The dissenting justices were William M. Farmer, Vandalia, and Floyd E. Thompson, Rock Island, Democrats, and Frank Dunn, Republican, Charleston. The majority opinion was written by Justice Stone.

The finding came after a conference lasting several hours, the first of its kind to be held in many years. When the opinion was filed in the office of Clerk Charles W. Vall, political and legislative disputes were ended. In addition to tossing into the waste basket a score of primary bills, which are pending before the special session of the general assembly, the court opened the way for an active primary campaign.

But that did not end the case appealed from Chicago, in which Judge Fisher held the act invalid. The injunction issued by Judge Fisher restraining Secretary of State Emmerson from filing primary petitions, remained in effect until yesterday when the state supreme court reversed and remanded the decision of Judge Fisher. The decision of the high court practically removes the last legal barrier against putting the law into effect. It will be necessary for Judge Fisher himself to formally dissolve the injunction he issued against Secretary of State Emmerson and Cook county officials restraining them from complying with provisions of the law before filing of candidates' petitions can begin officially.

The news that the primary law is valid has brought forth an unusually large crop of candidates during the past week. With the election date only a few weeks away, there is little time remaining for candidates to meet voters and state their claims for preferment at the polls, April 10th.

School Board to Hold Special Meeting Friday

There will be a special meeting of the Antioch Grade School board at the school house on Friday evening at eight o'clock. Two or three well known architects are to be present, and it is hoped that after this meeting the board will be able to select an architect and go ahead with plans for the new building.

SCOUTS VISIT EXPOSITION
Fourteen boy scouts, accompanied by Rev. H. C. Dixon, motored to Chicago last Saturday to visit the Boy Scouts' Exposition at the 131st regiment armory.

After living in a cottage for six years, a Janesville woman discovered a secret drawer in an old dresser, which she had purchased with the cottage. In the drawer were rare drapes, ties and a black lace shawl, which tapestry experts say is worth \$100.00.

Judge Fulton's Action on Project Is Complete Surprise

District Had Functioned 16
Months—Now Trustees
Must Quit.

After having been in actual operation for sixteen months, the Fox River Conservancy district, huge sanitation, conservation and river beautification project taking in virtually the entire river-lakes region from the mouth of the Fox river near Ottawa to the Wisconsin state line, was declared invalid Saturday afternoon in an oral opinion rendered in the circuit court at Yorkville by Judge William J. Fulton of Sycamore.

Court action to knock out the district was instituted some time ago by Attorney Weeks, representing the village of Plano, on the grounds that the organized territory was not in accordance with the law. The law authorizing the creation of conservancy districts of fifty square miles or more, was enacted by the 1925 general assembly, one of the provisions being that all or none of incorporated towns should be included within such districts.

Plano Extends Limits.

It seems that between the time of the survey for the Fox River Conservancy and the election in September, 1926, the village limits of Plano had been extended so that when the district was actually voted in it included only a part of the village of Plano. In the meantime a similar situation had developed at Palatine through which passes the Lake-Cook county line.

The hearing on the Plano matter was held two months ago at Yorkville, and the presiding judge took the matter under advisement.

According to the Attorney H. G. Hemstead, of St. Charles, Judge Fulton decided the matter wholly on the question of the sufficiency of the notice to the owners of the property which was taken into the district subsequent to the filing of the petition. The statute does not provide for such a notice and he held that in this respect the statute is analogous to the statute in drainage matters, and that some notice should have been given to the owners of the new property.

Trustees Will Not Appeal.

At a meeting Monday night Joseph C. James, Antioch, trustee from Lake county, stated that the trustees had decided not to appeal and that the matter would probably be submitted to a vote of the people again.

"The conservancy has been in operation for 16 months. It would be excellent to have the people go to the polls and re-indorse it after having it in actual operation. Besides that method would be far cheaper than an appeal," James said.

Grant, Waukegan, Antioch, Cuba, and Lake Villa townships are in the district as Lake county's share. The tax rate was eight mills on the \$100 assessed valuation last year. This year's rates are not known.

"The county clerks will probably be notified by the trustees not to levy taxes for the conservancy now," James said in discussing that feature.

In substance the court declared that a defect existed in the present organization of the district, in that some lands had been included in the district boundaries whose owners, contrary to the constitution of the

New Fronts Will Adorn Antioch Stores

New and artistic fronts will soon adorn two of Antioch's popular stores—the general store of Chase Webb and the building next door, soon to be occupied by Reeves' drug store. Work started this week when a temporary front was placed in the two buildings by Contractor J. E. Sibley & Son, who are the general contractors on the job. The glass work will be done by the C. J. Huber Plate Glass Service of Kenosha.

The new fronts are to be modern in every respect with entrance doors six feet in, allowing greater window space for display purposes. Lower portions of front will be of white brick, tile floors on entrances, and tops will be constructed of art glass.

TREVOR P. T. A. HOLDS MONTHLY BUSINESS MEETING

Card Party Saturday Night
—Trevor Men Leave
for Florida.

The Parent-Teachers' association held their February business meeting at Social Center hall on Friday evening with a small attendance. Mrs. Henry Lubeau and Mrs. George Patrick were appointed delegates to attend a meeting at the court house in Kenosha on Thursday on a Survey of Better Kenosha County. Mrs. Arthur Runyard and Mrs. Charles Runyard were hostesses serving a nice lunch, after a program given by the Ladies Auxiliary of the Kenosha G. A. R. which was as follows: Solo, Miss Sivertzer accompanied by Mrs. King; solo by Raymond King accompanied by his mother, reading, Marjory Larson; solo, Florence Hammer accompanied by Mr. Hammer. Mrs. Hammer, patriotic instructor, presented a beautiful silk flag to the primary room which was accepted by Mr. E. V. Ryall. The audience gave the pledge to the flag, after which they sang the first verse of Star Spangled Banner. A vote of thanks was extended to the auxiliary. Mr. Ryall closed the program with a few remarks on Founders Day.

The Messrs. Willis Sheen and John Gagglin left Saturday on a land seekers excursion to Texas. They expect to return Friday.

Mr. and Mrs. Fred Kinrade of Antioch were Trevor callers Wednesday.

Mrs. Williams Writes of Florida Trip

So many Antioch people have made the auto trip to Florida that it may be of interest to readers of our trip too.

Our party consisted of Mrs. Elsie Schroeder, William Schroeder, Herbert Helsing and Mrs. Williams. Near Chattanooga we visited "Wonder cave" in the Mystic river. We soon came to Monteagle and Signal Mt. and the following morning William drove to the top of Lookout Mountain.

After leaving Chattanooga we drove over the old battle grounds of Chickamauga where the many monuments and memorials show the sad results of warfare. Before reaching Atlanta we leave Mr. Kenesaw away to the right.

In northern Florida a most wonderful and beautiful sight is seen while riding in a glass bottomed boat on the river at Silver Springs. This baffles description. We drove through beautiful Mt. Dora and Orlando, where the drives beneath the avenues of Live Oaks make motoring a pleasure. Passing on to Melbourne we met our relatives and friends—Mr. and Mrs. E. B. Williams, the families of Mrs. Wm. Westlake, Labdon and Palmer. As our boys wanted to get to the beach we curtailed our visit at Melbourne and left Mr. and Mrs. Williams enjoying their flowers and sunshine.

The boys took their first dip at Palm Beach. When we arrived at Miami we soon found Mrs. Edith Street and Mrs. Alma Mooney and at Coral Gables Albert Hsbert and wife. The ladies are all nieces of Mrs. Sam Strickland. We were also entertained by Mrs. Marion Barry Taylor, violinist with the "Scottish Highlanders" now playing at Miami. We called on an aunt of Mrs. Frances Williams at Abingdon hotel where they are spending the winter months. Too much cannot be said for Miami, sun, air, or water. We found living conditions quite as reasonable as in the north. From Miami after the boys attained a good coat of tan, we drove to beautiful Sarasota, then north to St. Petersburg, crossing Tampa bay by ferry from Pine Point.

On our way home we stayed over night at Montegle, where the clear cold air on the mountain was quite a contrast to Georgia and Florida climate. The "sunny south" has everything to make life a joy. This is proven by the many smiling faces one encounters while there. Addie Williams.

State Auditor Nelson Installs New System

A department of the office of public accounts which is of great importance is that of land titles.

After more than two years of painstaking search the records in this department have been revised and collated to such an extent that any grant or patent of any piece of land in Illinois can be readily ascertained through a card filing system. There are over 150,000 cards containing the index to the townships and ranges in the state.

The importance of this will be readily appreciated by abstractors, attorneys and others interested in land titles.

Previous to this systematizing of these documents the vaults were filled with loose records and books relative to all grants and patents issued by the United States government and the state of Illinois to original land holders in the ten districts which formerly comprised the state of Illinois. Before this indexing it was necessary to look through thousands of documents in order to trace the original grant or patent. The new system was installed by State Auditor Oscar E. Nelson.

Invited Sunday for dinner for Mr. and Mrs. Ole Christensen, daughter, Alice, son, Leonard, Mr. and Mrs. Nels Christensen and son, Donald, of Racine and Mr. and Mrs. Ole Hekgaard and daughter, Betty, of Trevor.

LAKE VILLA PREPARES FOR EARLY GAS SERVICE

Mrs. Val Weber Leaves for Florida—Teachers Have Visiting Day.

The gas lines are being welded along Fox Lake and Grand avenue, and it looks like service very soon. The Public Service salesman, Mr. Ferria, has been very busy selling gas stoves in and around here.

Mrs. B. J. Hooper attended a birthday party in honor of her aunt, in Chicago, last Wednesday.

Mrs. Harry Stratton and children spent a few days last week with relatives in the city.

Mr. and Mrs. Carl Seeger were Kenosha visitors Wednesday.

Mrs. Fred Hamlin entertained a few ladies at luncheon at her home last Wednesday. A delightful time was enjoyed. The ladies did fancy work.

Delta Allen of Grayslake, who was recently in the hospital recovering from an operation and pneumonia, has been recuperating at the home of his sister, Mrs. Wm. Edwards.

John Gribb, Jr., spent the week end with friends in Waukegan.

Mr. and Mrs. Allen with Glenn and Eugene Allen of Grayslake were Saturday visitors at Mrs. Allen's daughter's home.

Dorothy Hooper went to Chicago Saturday, and remained till Monday with relatives.

The school children enjoyed their four day vacation last week.

Mr. Falch, Royal and the Misses Mabel and Ruby Falch were in Chicago Saturday and saw Desert Gold.

Mrs. Val Weber and her sister, Mrs. Wm. Wokoun of Waukegan started last Thursday for Florida to visit relatives and friends. Mrs. Wokoun will return in a couple of weeks but Mrs. Weber plans on a longer stay. They made the trip in Mrs. Weber's car.

Rev. McKelvey exchanged pulpits with Rev. Lamson of North Chicago M. E. church, and Rev. Lamson gave a splendid sermon here from the text "Thy Kingdom Come." He complimented the village on the fine group of young people who take part in the worship service in choir and orchestra.

Mr. and Mrs. Jobst and family of Winnetka were Sunday guests of Mrs. Jobst's brother, A. Jensen and family of Chesney Farms.

Mr. and Mrs. L. J. Tweed enjoyed an auto trip to Lake Geneva Sunday.

Last Friday was visiting day for our teachers, and Miss Scott visited schools in Waukegan, while Miss Warner visited her home school in Whitewater. Monday was also a holiday. Miss Scott visited at Winnetka schools, while Miss Warner and Miss Falch visited Waukegan schools.

Wm. Walker was in Chicago Friday and Saturday on business.

Henry Nader is spending a few weeks at the home of his parents here.

Rev. and Mrs. McKelvey and children, Margaret and Robert, drove to Madison, Wis., Sunday afternoon and returned late that night. They visited Mrs. McKelvey's sister, who is very ill.

A number of neighborhood friends of Mr. and Mrs. Will Pester gathered at their home Saturday evening to help celebrate Mrs. Pester's birthday. Cards were played and refreshments were served, and all wished Mrs. Pester many more birthdays.

Clyde Helm was entertained at a dinner in Chicago last week Tuesday evening with the others of the Warren football team which was being entertained by the Lake Forest team.

Mr. and Mrs. Oscar Douglas and Cornelia of Waukegan were guests of Mr. and Mrs. Charles Hamlin Sunday. Mrs. Douglas and Cornelia came Saturday and Mr. Douglas joined them Sunday.

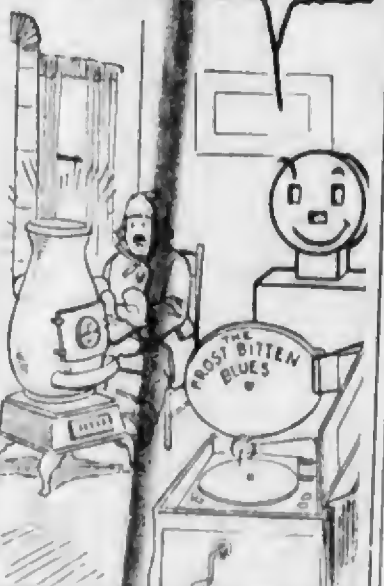

Lake Villa Church Program Service. Prelude, Marguerite Manzer, call to worship, "The Lord is in His Holy Temple; let all the earth keep silence before Him." Orchestra, choir and congregation. Hymn 287; Apostles' Creed in unison; Prayer, Lord's Prayer in unison; quartet, Constance Dobbin, Viola Johnson, Helen Buchta and Eileen Phillippi; Responsive reading No. 307, Gloria Patri, scripture lesson, orchestra special, announcements, offertory. Special—Primary department. Sermon by the pastor, "Washington". Orchestra, choir and congregation hymn 285. Benediction, doxology.

Utah "State of Deseret" The state of Deseret was the name given by the Mormons in 1849 to their settlement in the present state of Utah. Deseret was taken from the Book of Mormon and meant land of the honey bee. In 1850 congress created the territory of Utah, and the old name fell into disuse.

VENTILATION IS A FINE THING BUT IT SHOULD BE CONTROLLED THROUGH PROPERLY BUILT HOUSES OF GOOD LUMBER.

Perhaps the furnace man isn't to blame after all. Doubtless the fact that you shiver in winter is largely due to faulty construction or poor lumber. A properly planned, carefully constructed house should be warm in winter and cool in summer. Then why compromise? Build a home of your own and live in comfort. To avoid mistakes, study our plan book. SMITH RESIGNS; IS AGAIN NAMED

Springfield, Ill., Feb. 16—Senator Frank L. Smith, Dwight, barred from the seat to which he was elected in the United States senate, by dictatorial action on the part of members of that body, has placed the question of his eligibility and fitness squarely before the voters of the state.

With the tender of his resignation to Governor Len Small, acceptance was followed by reappointment and issuance of a call for a special primary to place in nomination a candidate to be voted on at the November election to fill the vacancy. Senator Smith will be a candidate for the nomination and re-election and it is foreseen that he will receive an even larger vote than in the previous election.

Senator Smith will immediately present his credentials to the senate under the appointment.

YEAR by year the telephone equipment wears out and has to be replaced at prices much higher than the original cost of the old plant. This adds constantly to the average investment per telephone, on which a return must be earned. The company's revenues must keep up with this rise.

BUSINESS executives have learned how radically selling costs can be reduced by the careful use of the long distance telephone. In one day you can cover territory which otherwise could not be reached in weeks, get undivided attention for your sales message and obtain orders at a small fraction of the expense incurred by other selling methods.

By long distance telephone you can make profitable journeys without leaving your desk chair.

BRISTOL COUPLE, WED 53 YEARS, CELEBRATE ANNIVERSARY FRIDAY

North Shore Speakers Are Heard at Meeting of P. T. A.

Mr. and Mrs. Charles Bishop celebrated their 53rd wedding anniversary Friday evening at their home by giving a supper to their children: Mr. and Mrs. Ray Bishop, Mr. and Mrs. Ward Rowbottom, Mrs. Emeline Curtis, Mrs. Ralph Cornwell of Kenosha and Mrs. Lela Bennett of North Prairie.

The following relatives gave a birthday surprise party to Mrs. Wm. Wolf Sunday. Mr. and Mrs. Howard Higgins and family, Mr. and Mrs. Clarence Benedict of Kenosha, Mr. and Mrs. Ralph Benedict, Elmer and Beatrice Benedict of Woodworth, Paul Thornton and Mr. and Mrs. Roland Benedict. Refreshments were served by the guests.

The two speakers Jack Oliver and Lester Hall from the North Shore Electric R. R. who spoke on Friday evening at the Bristol P. T. A. dwell principally on the theme that all homes and communities where accidents occur should make it a study to locate the cause and provide some method of avoiding similar occurrences, as is required of Railroad companies proving that a large per cent of accidents are due to home causes which might be avoided (as a rule) if more caution was used to prevent it. They have more to say and it is hoped they will return again to speak in the near future. The musical selections rendered by the Paris Corners orchestra was greatly enjoyed, also the banjo solo by Mr. Berg.

The Spirit of Lincoln

There is a monument which we frequently encounter in our public parks and museums and which never fails to bring a flush of enthusiasm and moisture to the eye. It represents a man clothed in civilian garments, tall, gaunt of limb, on whose rugged countenance rests the expression of a common brotherhood of men. The brow is furrowed, the features massive. The eye, deep-set, glows with the light of a high and holy purpose. At the feet of the figure kneels a poor half-clad negro shackled in chains.

Since Lincoln's day many storms have passed over the nation. Battles have been fought and grave questions settled. Giant figures have stood out on the canvas of our national history in defense of that which they held to be sacred and inviolate. But few at this far distant day warm the heart or cause the pulse to quicken as does the memory of this man of the people, Abraham Lincoln, who rose from the ranks to take his place at the national rudder, and whose solemn purpose was to dissipate all racial and class distinctions so that all men might be united in a common brotherhood. In the poor black slave bending beneath the labor and heat of the day, he recognized a fellow being, possessed of inalienable rights, an immortal being destined for an immortal crown.

His doctrine was bitterly opposed by those who had no sympathy with him because it clashed with their private interests and aims. Like many other heroic souls, Abraham Lincoln was made to suffer for his ideals. Time and the changes of years have shown the justice and charity of his cause. The peace which was never accorded to him in his troubled lifetime came to many after he had passed on. And at this distant day men point with pride to this noble spirit which so well illustrates the true patriotism toward which all men aspire.

The recurrence of Lincoln's anniversary year by year recalls the heroic figure of one who ever kept before him the fact that racial and class distinctions are remote from the ideals of him who "for us men and for our salvation" condescended to come down to earth, to be born in a poor stable and to die stripped of all on a shameful cross.

Springfield Man Says Government Ownership Is Threat to Nation

Springfield, Ill. — Government in business is socialism, and socialism is a present and sinister threat against the foundations of the United States, declares C. J. Doyle of this city, Associated General Counsel of the National Board of Fire Underwriters.

"The progress and prosperity of America have been built by private initiative and enterprise. The clutch of government ownership is the beginning of stagnation and disruption," he says.

"A good part of our citizens would be offended if on account of their support of paternalistic measures, they are classified as socialists; yet they contribute their support to put the government into every kind of business activity, save their own. Let us remember that no man can be sure that he may not be tomorrow the victim of a spirit of injustice by which he may profit today.

"And it is not alone in government ownership or operation that the socialistic tendencies of our government are seen. Congress passes acts fixing the wages that private enterprise shall pay, determining the conditions under which men may work, limiting the profits that transportation and other utilities may earn, the national treasury confiscating any excess.

"The great question is not what private business thinks about it. It is a problem which should interest every citizen, and something must be done about it more than registering complaint.

"The first thing to do is to face the facts, to acknowledge that government in business is government ownership, and that government ownership is socialism, and that socialism is foreign to and ultimately destructive of American ideals and the safeguards of the American constitution."

CHRISTIAN SCIENCE CHURCHES

"SOUL" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, February 12.

The Golden Text was from Psalms 33:9, "My soul shall be joyful in the Lord; it shall rejoice in his salvation."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For our light affliction, which is but for a moment, worketh for us a far more exceeding and eternal weight of glory; While we look not at the things which are seen, but at the things which are not seen; for the things which are seen are temporal; but the things which are not seen are eternal" (II Cor. 4:17, 18).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As human thought changes from one stage to another of conscious pain and painlessness, sorrow and joy,—from fear to hope and from faith to understanding,—the visible manifestation will at last be man governed by Soul, not by material sense" (p. 125).

LEGISLATURE FACES MUCH MORE WORK

In spite of the fact that the decision of the state supreme court leaves the legislature with little to do on the 1927 primary law, there is still a large amount of other work to be done before the special session comes to an end. The only repair work to be done on the primary law has to do with registration in Chicago, but it is considered doubtful if 192 votes can be mustered in the house.

The bonding and revenue legislation which is pending seems to be skating on thin ice, as leaders are doubtful if all members will return to the Capitol City because of the primary campaign. The bonding bills are important to the downstate. One which is pending before the senate gives large cities authority to go five per cent with bonds, and 192 votes would be necessary to pass it in the house and 34 in the senate.

A number of other bills, which have to do with revenue in the downstate and park taxes in Chicago are also pending on the calendar.

Leaders are attempting to bring about a full attendance in both branches in order to show good faith and pass all the bills which are on the calendar.

It is now certain that there will be no second special session, leaders declare. If the present session lasts another week or ten days the campaign will be under way and members will be anxious to return to their home districts and become active.

POULTRY SAVE LEGUME HAY FOR WINTER FEED

Save about six pounds of good legume hay for every bird in your poultry flock for use this winter.

For legume hay, especially if it is leafy and of good quality, makes an excellent winter substitute for the succulent green food hens like so well during the summer. Feeding trials at the Ohio agricultural experiment station, Wooster, have demonstrated the truth of this, according to the experimenters, D. C. Kennard and R. M. Bothke.

Alfalfa, red clover, and soy bean hay appear to be about equally valuable. Regardless of the kind, it is necessary that the hay be made of the immature plant, so as to carry a large proportion of leafy material, especially valuable for chickens.

The hay must be carefully cured without getting wet, the scientists suggest, so that it will hold its bright green color. This insures retention of its valuable water-soluble constituents. Usually the second or third cutting of alfalfa and clover is best. Soy bean hay is best cut when the seeds are just beginning to form in the pods.

Perhaps the best way to feed hay to poultry is to cut it in half-inch lengths. It can then be put into a wire-meshing basket feeder and kept before the birds all the time. Dried hay may be put into feeding racks made of plaster lath placed vertically 2 inches apart. Still another way is to tie the hay in a bundle and suspend it from the ceiling so as to be 5 or 6 inches from the floor.

Indians Had Maple Sugar

The Indians were adept at maple sugar making before the coming of the white man. In fact, the whites learned of maple sugar from the Indians and imitated their process of tapping trees and boiling down the sap. The aborigines of America made both sirup and cake sugar of the most delicious kind. Such sugar was an object of barter among them.—Pathfinder Magazine.

Examine Bands on Wings and Legs of Chickens

Don't forget the pedigree stock these days. They are your best chicks. Examine the legbands and wingbands to see that they are not cutting into the flesh and that none of the bands have worked loose and are likely to be lost.

Some breeders use legbands for the first few weeks of the chicks' lives and later transfer these bands to the wings. If this practice is followed on your farm, see that this rebanding time has not gone too long and that the bands are not cutting into the shanks. If it is not convenient to change these bands to the wings just now, loosen them enough so the legs will not be injured and the bands will not drop off.

Other breeders put the bands right in the wings when the chicks are hatched. Catch up these chicks and look over the condition of these wings and bands. They may have been pinched too tightly at the start or for some reason may be partly torn out. Many of these bands may have to be loosened and some may have to be tightened. Make a practice of examining the condition of the bands every three weeks.

A spectacular one-handed shot by Captain Spicer in the last 15 seconds of play resulted in victory for the Antioch high school basketball team over the Palatine cagers here Saturday night by the score of 14 to 13.

The game was close and hard fought all the way, and the Palatine lads were leading 13 to 12 with but a quarter of a minute to play when Spicer pulled the game out of the fire by ringing the winner, after his team mates had maneuvered to make the shot possible.

Palatine's second team also went down to defeat before the Antioch seconds by the lopsided score of 21 to 4.

Final Home Game Friday

Wauconda's two team outfit come here for a double-header with Antioch cagers Friday night when local fans will have their last opportunity to see a home game. The second teams from the two schools will clash in the preliminary, and the Antioch speed boys will engage the Wauconda first squad in the main event.

Conference Schedule Nears End

The Northwest Conference schedule is nearing the close with Warren township high school in the lead and assured of the championship unless a double defeat by Barrington in their two remaining games flea them with that team for first place. Unless this happens, Antioch is doped to finish second. After Friday's game here with Wauconda, the locals have two games remaining, both away from home, one with Wauconda and the other with Palatine.

state, had not been served with the proper notices of acquisition.

The court's decision automatically invalidates the present district organization and ousts from office the present district trustees, headed by former Mayor W. H. Blencoe of Geneva.

Judge Fulton's findings came as the climax to court action launched in Kendall county in September, 1926, when Charles Fleeter, retired farmer of Millington; Matthew McKirgan, Plano hardware merchant; and Val Atherton, Plano farmer, launched civil action against Chairman Blencoe and others, as heads of the conservancy district, seeking to have the organization declared invalid.

Special Tax Thrown Out.

Automatically the court's finding throws out the special district tax payable in March of this year, which in most townships of the district would approximate one and one-half mills. Last year the tax totalled .8 of a mill, and the maximum it is possible to levy under the act creating the district is one-half of one per cent, or five mills.

Roughly the present boundaries of the district extend from the Wisconsin state line 150 miles south to a point just north of Ottawa, and one mile on either side of the center of the river and its tributaries, and

On the return trip the Bocks visited Antioch friends at Bilozi. Miss. They were gone for ten weeks.

Wilton's Letter
Misleads, Is Claim
of Bilozi Citizens

They're proud of their winter tourist business down at Bilozi, Miss. Charging that many may be kept away from Bilozi and its balmy climate because of a letter written by Richard Wilton of Antioch and published in the Antioch News some weeks ago, the Bilozi Herald in an editorial appearing in a recent issue takes exception to many of the statements made in Mr. Wilton's letter in which he told his impressions of the southland. The News does not believe that it was Mr. Wilton's intention to injure Bilozi or its winter tourist business, but he just happened to arrive there when the elements were cutting up a bit, something unusual for Mississippi, and his impressions were not the best.

The editorial in the Herald, in part, was as follows:

"The official reading of minimum temperatures at Bilozi, as published daily in the Herald, was: Jan. 1, 28 degrees (above); 2nd, and 3rd, 18; and for successive days in January, thereafter: 25, 25, 28, 44, 52, 48, 39, 41, 45, 50, 58, 58, 42, 35, 35, 40, 54, 44, 45, 41, 33, 33, 34, and 44 on Jan. 30. We have no January reading for Antioch—but it is near the north boundary of Illinois, about 15 air-miles from Lake Michigan, and probably very balmy in winter.

"It is surprising to learn that 'most' of the water pipes in Bilozi froze and burst; artesian water, used here exclusively, does not freeze if kept running. Indeed, its temperature justifies a 'cold' bath throughout winter. The domestic water pipes are laid about three inches underground—which is generally sufficient against freeze. This winter's water pipes did not freeze. Bilozi has 14,000 people—think of 'most' of the pipes bursting! How many did Mr. Wilton inspect? He did not even go to see the phenomenon of salt water freezing a half mile out! We have lived within 200 feet of the Gulf (Mississippi Sound) for 23 years, and never saw the sea freeze anywhere at any time.

"We prefer to believe that Mr. Wilton was in jest rather than earnest—but the jest misleads. A misleading jest by a friend is worse, perhaps, than the truth from an enemy. The Antioch paper boasts of 10,000 readers. Many may be kept away during February by that letter. That winter tourists have come here regularly for 5, 10, 15 and even 20 years, some settling here, ought to be refutation of heedless criticism or careless observation—exaggeration.

"As to houses, we have all kinds and conditions—as elsewhere. Certainly it is not true that 'every other' house has rooms to-rent signs. But what if they did? Is room-renting reprehensible? One can suit his taste here in dwellings or hotels—few places offer equal variety.

"We are glad to have tourists here, and wish them to enjoy themselves in comfort. We have been in some Illinois places. It is a fine state. We have never dreamed of injuring any place in it, nor have we ever found it necessary, in appreciating our own home, to deprecate others."

Advantage of Ignorance

The ignorant have one great advantage over those who know; they can be certain. Certainty decreases at the same rates as knowledge grows. Our ancestors, who knew little about the past, could feel certain that the little they did know was all that was worth knowing. Today we know, comparatively, a great deal about the past. We are, in consequence, much more tolerant, much less cocksure than our fathers.—Aldous Huxley in Vanity Fair Magazine.

SUNDAY SCHOOL PUPILS
ENJOY VALENTINE PARTY

About five pupils of the Methodist Sunday School greatly enjoyed a St. Valentine's party given at the church Tuesday evening by teachers and officers of the school. From 7 until 9 the junior members of the school had a good time playing Valentine and other games, followed by refreshments.

ENTERTAINED ON
BIRTHDAY

Miss Eleanor Mortensen entertained fifteen of her girl friends at her home Tuesday evening in honor of her thirteenth birthday. The evening was enjoyed playing games, after which dainty refreshments were served. Miss Eleanor was recipient of many pretty gifts.

MR. AND MRS. WETZEL
ENTERTAIN

A party of ten friends were entertained at the home of Mr. and Mrs. J. M. Wetzel Thursday night. Following a delightful season at five hundred, refreshments were served by the hostess, and Mr. S. Boyer Nelson was presented with a large angel-food cake which he was asked to cut for the guests. It was Mr. Nelson's birthday. Present were Mr. and Mrs. Nelson, Mr. and Mrs. Smith, Mr. and Mrs. Moore, Mr. and Mrs. Gaston, Mr. and Mrs. Peters.

FIRST SOCIAL EVENT OF
AUXILIARY IS SUCCESS

About one hundred and sixty people were in attendance at the debut of the Antioch Legion Post Auxiliary into the social life of Antioch, a card party held at the Parish hall on Tuesday evening. Bridge, "500" and bunco were played until eleven o'clock, and then refreshments were served consisting of sandwiches, coffee and cake. Following the "entertainment," the floor was cleared for dancing and music was furnished by Mr. and Mrs. Elmer Young, organists at the Crystal theatre. Prizes were awarded as follows: Bridge—ladies—1st, Mrs. Allen; second, Mrs. Kuhaupt. Gents—1st, Dr. Williams; second, Mr. Nixon. "500": ladies—1st, Mrs. Lester Osmond; second, Mrs. Mathews, and third, Mrs. Wm. Rosing. Gents—1st, Chas. Wilton; second, Mr. Tom Hogan, and third, Mr. Richard Allner. Bunco: ladies—1st, Miss Elsie Elnicol, Highland Park, second, Mrs. Slinger. Gents—1st, Mr. Carl Denny of Chicago.

A cake that was raffled was won by Mrs. Lester Osmond. A beautiful basket of artificial roses made by Mrs. Mann was also raffled and was won by Miss Anna Dorsey.

WEDDING BELLS PEAL
FOR DELAVAN COUPLE

Miss Mary McSorley, daughter of Mr. and Mrs. J. B. McSorley, and William Dupre were married Saturday morning at St. Andrew's Catholic church, the Rev. J. J. Shanahan, pastor, performing the ceremony at a Nuptial High Mass. Solos were rendered by Mrs. C. D. Davis. Mrs. Harry O'Neill was accompanist.

Miss Florence McSorley, a sister of the bride, acted as bridesmaid, and Wilbert Lynch, Milwaukee, as best man. A three course wedding breakfast was served at the home of the bride's parents to members of the bridal party and the immediate families. Mrs. George Dushaw acting as caterer.

Both the bride and groom are well known in Delavan and community. Mrs. Dupre has filled the position of bookkeeper at the Dupre Hardware store here for the past several years, prior to which she had been associated with her father in the McSorley store here. Mrs. Dupre also taught school at La Crosse for several years. Her husband is proprietor of the Dupre Hardware store here and is also widely known throughout the vicinity.

Following their return from an auto trip of several weeks, the couple will make their home on Terrace street.

Dr. Dupre was formerly a resident of Antioch. He was employed at Williams' Bros. store for several years.

Ash Wednesday, Benediction of Ashes, 8 p. m.

Next Sunday will be the Sunday before Lent. Lent is the season of training in which Christians take inventory as to their spiritual life and attempt to cultivate it in certain definite ways. The affairs of the world are left aside for awhile so the spiritual nature may have time to flourish. The diet and daily life take on an added symbolism as the church strives to implant Her Divine Teachings upon the individual soul. It is the training period of the spirit.

"What should it profit a man if he gain the whole world and lose his own soul?" It is certain that we brought nothing into the world and that we can take nothing out of it when we return to our Maker. That is an interesting thought to meditate on now and again.

Miss Vera Noyes, Diocesan Superintendent of Religious Education in the Chicago Diocese will speak to the church in the Church School and at the morning service of worship.

On Wednesday evening of February the 22, there will be a service of worship and consecration in the church at 8 p. m. Benediction of Ashes. It is to be hoped that many will avail themselves of this opportunity to make public penance and witness at the individual failure to match up to Christian standard.

Confirmation class of instruction for children every Sunday before Church School, 9:30. Private instruction for adults may be arranged with the pastor.

MILLBURN

Clifford Hook enjoyed a few days vacation from his school duties at Champaign recently.

Mr. and Mrs. W. F. Wetzel of Chicago attended church here Sunday and were entertained at the W. M. Bonner home for dinner.

The Father and Son banquet held last Wednesday night was a great success and enjoyed by over 90 men and boys. On Sunday a special program was given in connection with Father and Son week, with special music and a fine sermon on the theme "Fathers and Sons in Home Life". About 35 fathers and sons occupied the front seats of the church.

Mrs. Gladys Ames of Gurnee spent Tuesday with Mrs. Gordon Bonner. Mr. and Mrs. Bauman and children spent Sunday with Mr. and Mrs. C. Holdridge at Waukegan.

Fourteen young people from Millburn attended the Christian Endeav-

or rally and banquet at Gurnee Saturday night.

There will be a district rally at Millburn on Sunday evening, Feb. 26, to which the young people from Gurnee, Waukegan and York House will attend.

Andrew Larsen has rented the Marcus Hoffman farm west of Millburn, and will take possession at once.

The P. T. A. are preparing a play to be given February 21.

Rex Bonser, Mgr.

February 16th, is the anniversary of the sinking of the Maine and is, in some states, a legal holiday, called, 'Remember The Maine' day.

We've found that the big majority of people are honest. What have you found?

It's fun to plan a home. We have plans for every type of home. Wouldn't you like to see them?

Lawyer — "Well, what shall we ask for. Trial by Judge or Jury?"

Client — "Take the judge, doc, I've

done plumbing for nearly everybody in this town."

We appreciate your trade. Everybody says that, but WE MEAN IT.

It's safe, sensible investment, — this owning a home in Antioch. Besides, think of the enjoyment you and your family will get out of your home of your own.

A citizen of Lake Villa said, "The Knot Hole News" has more news than The Antioch News.

And if that is true, the thanks should go to some of our contributors. So, send them in and let's keep our reputation where it is.

He—"Let's sit it out and have a 'tete-a-tete'."

She—"Oh, really

I could not eat another thing."

Don't fail to attend the Lincoln-Washington dinner given by the Ladies Aid of the M. E. church, next Tuesday evening. Mr. W. E. Kooplin will give his picture travel talk "Thru Dixieland to Florida and Havana". These are claimed to be the best pictures of the Southland ever shown and the "cuts"—we will leave that to you.

The Antioch Theatres are tures. We saw a picture advertised in Chicago the other day that we saw in Antioch a month ago.

Everybody Invited

Farming and its progress is a subject we are all interested in. We are giving you an opportunity to see for yourself the changes that are taking place in farm operating equipment. You can learn more about engines and tractors, their construction, their care, and their operation. We will have trained men on hand to illustrate, demonstrate, and talk on questions every up-to-the-minute farmer is vitally interested in. The moving pictures will be entertaining and instructive. The lunch will be a good one and there will be fun and excitement aplenty. Your neighbors will be here and we want you also. Make your plans now to attend our big Power Farming Entertainment.

WILMOT STORE IS BURGLARIZED

Basket Tossers Win Easy Victory on Dads' Night.

The Harry McDougall Hardware store was burglarized Monday morning by five or six men driving a closed sedan. They made their first attempt to enter the store at 5:10 when they broke the glass panel in one of the front doors but were frightened away by Mr. McDougall who heard them from the family living quarters over the store. At 5:45 they returned and while one kept the car running three entered the store and handed out about a hundred and twenty-five dollars worth of guns and between 150 and 200 shot gun shells and rifle shells. Mr. McDougall has a gas station in connection with his store and is in the habit of serving transient at all hours. He thought their second visit was some customer and walked down into the store in the dark to take care of them. He saw a man standing outside the door when he got about ten feet from it and then discovered he had three burglars within a few feet of him. As he was entirely unarmed he decided to yell at them and thus scare them away. Several of the neighbors saw the men and car but did not realize it was a real robbery until too late to be of any assistance. This is the second visit robbers have made to the McDougall store after the arms in the past two years.

A good crowd turned out Friday evening in honor of Dads' day. The fathers of the basket ball players were feted as guests of the athletic association, and special cheering was given in their honor between halves of the game. Incidentally, the entire high school squad of eleven men showed their dad's how the game is played, by easily defeating Union Grove 27-17. The play of Captain Member was the sparkling feature of the game. His passing game with Shreck aided him to score fourteen points to hold individual honors for the evening. Richter, Shreck, Member, Runyard, R. Madden, W. Madden, Rasch, Hutton, Schmalfeldt, Hoss and Bernhoff all saw action.

Mrs. R. Hossmiller and sons of Fontana called on Mr. and Mrs. Geo. Dean Monday. Sunday evening they entertained Mr. and Mrs. Charles Dean of Kenosha. A week ago Mr. and Mrs. George Dean of Bassett and Mrs. Nellie Hanks and children from Antioch spent Sunday with them.

Mr. and Mrs. R. C. Hutton of Richmond were guests Sunday of Mr. and Mrs. L. Hageman.

Mr. and Mrs. H. White and children spent the week end with Mr. and Mrs. Greenwald of Salem.

John Moran, Sr. of Janesville, Wis., was a guest last week of his parents Mr. and Mrs. J. Moran, Sr.

Mr. and Mrs. John Higgins and son, Allen, and Mrs. Anderson of Pleasant Prairie spent Sunday with Mr. and Mrs. George Higgins.

Mrs. John Stadel of Chicago was a guest for the day Sunday of Mr. and Mrs. Fred Faulkner.

A C. Stoen and son were in town on Saturday.

Mrs. John Sutcliffe spent from Friday until Sunday in Oak Park with her daughter, Grace. Mr. and Mrs. Hodge of Edison Park brought Mrs. Sutcliffe home Sunday.

Mr. and Mrs. Ernest Peterson entertained Mr. and Mrs. E. Jensen and children of Kenosha Sunday.

Mrs. Mary Harn was hostess at a Valentine party for the members of the local R. N. A. at the home of Mrs. Wm. Volbrecht Tuesday afternoon. Mr. and Mrs. L. Hageman were in Kenosha Saturday.

Mr. and Mrs. H. Lohmann of Bristol spent Saturday with Mr. and Mrs. John Gauger.

Guests Sunday of Mr. and Mrs. Alfred Reynolds included Mr. and Mrs. Wm. Peterson and children of Kenosha, Mr. and Mrs. Clyde Kinross and children of Maroon.

Mr. and Mrs. Fred Faulkner recently entertained Rev. and Mrs. G. C. James who were motoring to Miami, Florida, where Rev. James has accepted the pastorate of a Methodist church. Rev. James was formerly stationed at Salem and Wilmot.

The Land O'Lakes were defeated by Grayslake Saturday evening 28-26. Friday evening the team has two games scheduled at the Wilmot gym with Burlington K. C. team and the Lutheran team.

The Legion Auxiliary has scheduled a card party Friday evening, Feb. 24, at Dalton's hall at Silverlake. "500", euchre and buncie will be played. The public is invited.

Blanche Carey was out from Chicago from Friday to Monday.

Wilmot High School Friday night a game is scheduled with the Kenosha Vocational at Wilmot. The Kenosha team is at the top of the Vocational Conference, having defeated such teams as Milwaukee, Racine and Cudahy.

Members of the Echo staff are busy selling advance copies of the 1928 book. 200 copies must be sold to make

MILLBURN

The annual Father and Son Sunday was celebrated in the Millburn church on February 12. A chorus of voices opened the service with "Fair-est Lord Jesus" sung in procession. A large group of fathers and sons were guests of honor and took part in the commitment service. Poem and cornet solo were contributed by Mr. Slocum and his son, Arthur Slocum. A sermon entitled "More Rope" was given by the pastor, E. W. MacNair.

Next Sunday, February 19, will witness the beginning of two important series of Bible studies. The first, an adult study group on the Life of Christ will meet at ten o'clock under the leadership of Rev. Mr. Hiersdorf. The second, a series of popular studies on St. Paul, will be delivered from the pulpit.

DAIRY PLAY IS SOMETHING NEW

Over 250,000 Have Seen Actors Depict Methods of Better Dairying.

The Dairy Play, "Joe Guess Runs a Boarding House" is a new way of putting over a message on better dairying. In the short time it has been going, it has been seen shown at some of the foremost dairy programs in the United States.

The play has been given in 38 states and has been seen by more than 250,000 people.

The cast of characters as they appear in the play is as follows:

Joe Guess, the man who starts Joe to thinking
Bob Profit, a cow that knows her cream checks
Molly, a cow that holds out on her board bill
Bess, the flapper helper
Susie, Place: Joe Guess boarding house.

Scene 1, Joe Guess is reading a book on dairying. Scene 2, Boarding house gossip. Scene 3, a conference at the boarding house—the boarders revolt. Scene 4, after 90 days another conference is held to see how a new plan has worked.

The play is scheduled for Wednesday, February 29, at 8 p. m. It will be held at the auditorium of the Antioch High School. There will be no charge for admission to this play. It is free to anyone interested in dairying.

the publication a financial success. Letters are being sent onto the alumni this week. The alumni section will include pictures and write-ups of the last three graduating classes and a picture of the first graduating class. Persons desiring to purchase copies of the book should communicate with Emerson Schmalfeldt.

A new movie machine has been purchased by the school board, and has already been installed in the gym. This will make long waits between reels unnecessary, and patrons may better enjoy themselves. A movie is being scheduled for next week.

Milk Producers Assn. Organized 19 Years Ago—Celebrate Anniversary

The Nineteenth Anniversary of the organization of the Milk Producers Association was celebrated by the Annual Meeting of the Association held in the Sherman Hotel, corner of Clark and Randolph streets, Chicago, Illinois, on February 7, 1928.

The meeting was held under the same roof where this organization was born February 1, 1909. Those present had one thought in mind, namely—A better price for milk—and were just as determined a bunch of farmers as met there nearly twenty years ago. Both these meetings might be likened to the convention which drafted the Declaration of Independence.

We still have some Patrick Henrys and they are in the dairy business, but we need more of them in every community.

The officers elected for 1928 are as follows:

President, Frank Holt, Kenosha, Wis.

First Vice President, Alex Johnson, Waukesha, Illinois.

Second Vice President, W. F. Buhr, Lake Zurich, Illinois.

Third Vice President, O. J. Sauer, Crown Point, Illinois.

Secretary, E. C. Rockwell, Lake Zurich, Illinois.

Treasurer, J. W. Wingate, Crystal Lake, Illinois.

Two Assistant Secretaries were elected: W. J. Kittle of Crystal Lake, Illinois, and E. H. Schrage, Crete, Illinois.

The committee decided to continue the intensive campaign for a better price and have laid plans for meetings in every community with this slogan—MORE MONEY FOR OUR MILK.

Speakers will be provided for these meetings. If requests are sent to the office.

The committee also decided to hold

Williams of Chicago called at the Louscher home Sunday. Mr. and Mrs. Frank Schmidt and son drove to Milwaukee Saturday to spend the week end with their daughter and family.

STATE CAPITOL ITEMS

STATE'S OLDEST
EMPLOYEE IS 93

Forty-seven years in a long time on one job but William Marlowe has just rounded out that many years for the state as custodian of the supreme court building. Mr. Marlowe, who is in his ninety-third year, has the distinction of being the oldest state employee and perhaps has a wider acquaintance especially among court justices and those who practice in the higher courts, than any other man.

Mr. Marlowe entered the employ of the state when he was given a position by the late James McCartney, attorney general. For a long time he served in the state house with Norman L. Freeman, his personal friend for many years, and when the supreme court building was dedicated twenty years ago he became custodian. He has served thirty-four years and six months with the supreme court.

Included in the bidding, which attracted contractors from the central west, was the bridge across the Illinois river at Pekin, for which the general assembly appropriated \$400,000. Figures compiled show that the bridge will cost approximately \$450,000.

By virtue of a statute prohibiting the firing of arms upon a public highway would be unlawful, Attorney General Oscar E. Carlstrom has informed state's attorney of Will county.

The attorney general further ruled that hunting without a gun would be violation of the law, inasmuch as right of way for a road is taken for highway purposes only and any other use of the property would be vested in the owner of the land on which the highway abutted.

First Assistant Attorney General Montgomery Winning has taken the initial step to dissolve the injunction pending against Secretary of State Emmerson and Conny (Clerk Robert) Switzer, restraining them from filing political petitions. He filed a motion in the state supreme court to have the injunction order dissolved or in the alternative to have it suspended pending the final disposition of the Chicago case involving the validity of the primary election of 1927. The injunction was issued by Judge Fisher of Chicago, who held the primary law invalid. The supreme court in a recess opinion held the law constitutional in a case filed by Attorney General Carlstrom.

Six hundred thousand automobile licenses and \$5,000 tags have been issued thus far by Secretary of State Emmerson. Applications continue to come in daily in large numbers, but the records show that the number is not as large as at the same time a year ago.

Chicago police are waging a war against the car drivers who have not purchased plates there, with the result that the demand from that city is on the increase.

To have delayed the construction of the bridge across the Illinois river at Florence for political reasons, Frank T. Sheets, chief highway engineer, said in a letter made public a few days ago to Jess M. Thompson, secretary of the Pittsfield Chamber of Commerce. Mr. Sheets produced weather data to show that flood in the river valley necessitated the delay.

"We have not permitted political considerations to interfere without giving the people of Illinois the high-

way service to which they are entitled," Mr. Sheets said in part. The bridge, Mr. Sheets says will be completed as soon as possible, probably by the end of 1928, and "we will see to it that a first class structure is built."

Governor Len Small has added a poultry disease specialist to the staff of the poultry husbandry division of the state department of agriculture. Dr. N. H. Kyle, veterinarian who has gained wide recognition as a poultry disease expert, has served in connection with the division of animal husbandry, under the direction of the chief veterinarian, Dr. F. A. Laird.

In effecting this transfer to the poultry husbandry division, Governor Small took into account the fact that Illinois, at the three poultry experimental projects at Quincy, Kankakee and Murphysboro, has assembled at all times, several hundred of the best laying hens in America. To insure their health in general, he has detailed Dr. Kyle to administer disease prevention measures, and to give his service to poultry specimens in the state's custody, that may need the attention of a skilled veterinarian.

The weekly report of Dr. Isaac D. Rawlings, director of the state department of public health shows 160 cases of diphtheria, 362 cases of scarlet fever and 408 cases of pneumonia in the state. There are also 30 cases of smallpox, 16 of typhoid fever, 36 of influenza, 297 of whooping cough, 253 of tuberculosis, 328 of mumps, 340 of chickenpox and 84 of measles.

Farmers, exhibiting beef and dairy cattle and fat hogs, at the county and other agricultural fairs in Illinois last year, drew down in premiums more than \$160,000, according to reports of the state department of agriculture's state fair division office.

Cattle premium payments made in 1927, by the seventy-one expositions that participated in state funds, totaled \$101,616.20, and in the swine departments \$58,488.47 was passed out

to the successful exhibitors. This does not include the premium payments at the Illinois state fair. The beef cattle exhibitors drew \$16,842 exhibitors of dairy animals received \$14,520. Swine premiums totaled \$8,819.

Illinois hog numbers show an increase of 7 per cent over numbers on Jan. 1st a year ago, according to returns from all counties in the annual livestock survey made jointly by the Illinois and Federal departments of agriculture.

Baby's health may be greatly improved—certainly his digestion will be aided—as a result of one research accomplishment by the University of Illinois College of Medicine of Chicago, announced. It deals with the addition of orange juice and egg yolk to the baby's milk. A long series of experiments by that institution seem to indicate conclusively that the addition of a small amount of orange juice to cow's milk will greatly aid in the digestion of the milk mixture. The work is that of Drs. Julius H. Hess and I. M. Chamberlain of the department of diseases of children.

A chemical change which results when orange juice is added to cow's milk, it is explained, causes very fine curds to form which are in turn more easily digested by the infant than plain cow's milk. The addition of orange juice has the advantage of introducing the vitamins which promote growth and prevent the development of scurvy. An ounce of juice to a pint of milk is the proportion that has proved to give the best results, according to the experiments of the doctors.

They further found that the addition of the yolk of raw egg to the milk and orange juice mixture materially increases the iron content of the infant's blood and minimizes the possibility of the development of rickets.

The introduction of the orange juice in the infant's feeding may be started as early as the second or third week of life and the yolk of the

THE BANKER-FARMER MOVEMENT GROWING

There are several reasons for the growth of the banker-farmer movement in Pennsylvania. William S. McKay, Chairman of the Agricultural Committee, Pennsylvania Bankers Association, has reported to the Agricultural Commission of the American Bankers Association. The cooperation and leadership of the county agents in the several counties of the state; the appointment and functioning of county chairmen of agriculture known as Key Bankers, one of whom there is in each county of the state; and the organization of county bankers associations, whereby agriculture is given consideration by all the banks, are responsible for this interest. The following table shows the activities for the year:

Project	Number of Counties
Sent young farmers to state college for special course	5
Encouraged farm shows	16
Held agricultural tours	6
Sponsored various club activities	28
Gave illustrated lectures on poultry, cow feeding, and improved farm methods	1
Distributed purebred livestock, chicks, and disease-free potato seed	13
"There is probably no class of business men that has a greater opportunity for helpfulness than the bankers in this movement," declares Mr. McKay. "It builds up a substantial community which makes for better

Dinosaurs Traveled

The Smithsonian Institution says that the bones of dinosaurs are not confined only to the western states. They have been found in Connecticut south through New Jersey, Maryland, District of Columbia and South Carolina, then along the Gulf to Mississippi, Alabama and Texas. Most of the specimens are found in the West, beginning at the plains country.
